

I received notice this morning from Bill Cummings that he is leaving his post as News Director for 5NEWS and pursuing other opportunities. He has graciously agreed to stay on through July 30th, which will get us through the July sweeps and allow us some needed time to search for his replacement. I greatly appreciate Bill for his work and dedication. We have enjoyed winning ratings, digital growth, and social media growth under his leadership. Please join me in wishing Bill and his wife Teresa the best as they move on to other adventures.

*Onward and Upward!
Van*
