**Subject:** New ABC 10/KGTV News Director

Everyone:

I'm pleased to announce that Ed Chapuis will be the new news director at ABC 10/KGTV. The attached news release details Ed's background, including 15 years as news director at top rated stations KCRA/Sacramento and KTVU/Oakland. For the past four years he's been vice president and news director at the Fox station in Sacramento, where he's done a terrific job of growing that station's stature in the market on multiple platforms. He has a deep passion for quality journalism, winning breaking news, investigations, and storytelling. His personality and style are a natural fit with the Scripps principles. Ed will visit the station to say hello on Monday with station meetings at 10am and 3:15pm, but will officially start on 9/25. Please see me with any questions.

**Joel Davis**
