Subject: Doris Lewis - On The Move

Everyone:

It gives me enormous pleasure to announce that we have promoted Doris Lewis to be the new News Director for KGTV. Doris is the consummate professional. She is a thoughtful, caring, mindful and strategic leader who has spent many years here at KGTV developing her craft. Having grown up in Poway, Doris brings a wealth of knowledge about San Diego and its surroundings. She has long and deep rooted relationships in this market that have helped us grow our brand over the years and will continue to do so.

I am so happy that Doris will be taking this role. I look forward to seeing all that is ahead for her and our stellar newsroom. Please congratulate Doris when you see her.

Leon
