

10TV team –

I'm thrilled to announce Jacklynn Sylvester will be joining 10TV as Assistant News Director.

Jacklynn has been News Director at WAND in Decatur, Illinois for the past two years. She was Assistant News Director at WAND before being promoted to ND. Jacklynn has a reputation for being a great journalist who improves storytelling and story development. Her background as both a producer and reporter give her a unique perspective on both positions. In this role, Jacklynn will run the day-to-day while also being the primary coach for reporters/MSJs.

Many of you had the opportunity to meet Jacklynn during her station visit. She is known as an empathetic leader, who places an emphasis on strong teamwork and community engagement. She also has a track record of being a great recruiter.

Jacklynn will be moving to Columbus with her husband Trevon and son Zurich (photos attached). When not in the office, Jacklynn loves being involved in community organizations, playing pickleball and traveling!

Please join me in welcoming Jacklynn to 10TV. She'll be ready to hit the ground running on February 19<sup>th</sup>!

Rick
