

Hi, Rick,

I'll be rolling out the door and turning off the set for the last time April 12th.

I've been here a year after the Gray recruiters pulled me from retirement. After Gray consolidated KCWY and KGWN, closing down the KCWY newsroom, I had just hunkered down in my shop, working on my cars and motorcycles.

Then the KGWN ND went on maternity leave and GM Jim Beck asked me to help out for a few months. The Gray recruiters decided I should not retire, and lured me to WGEM. I had not planned for this to be a long term stop.

We're keeping our historic house here in Quincy, but will probably flee winter as I really don't enjoy being cold anymore after all those years in the field!

Thanks for your interest!
