Subject: FW: Jamie Letter

All members of the FMBC, Sun and GSL team,

Today I am pleased to announce the appointment of Jamie Ricks as the new General Manager of Fort Myers Broadcasting Company. Jamie was selected after reviewing over 100 resumes and applications as well as interviewing numerous candidates. His broadcasting background, experience, work ethic and understanding of the complexities of managing television, radio and publishing together as a cohesive unit made Jamie the logical and best choice.

I will be moving to a new role as Management Consultant for FMBC. After almost 50 years at FMBC it is time to make the transition. New building, new facilities and a new General Manager...we are ready for an exciting future and I am confident that Jamie can take us there.

Please welcome and support Jamie in his new role.

Joe Schwartzel
