

Dear Staff,

You are an amazing group of television professionals. You attack each day with passion and determination to serve the communities and people of Southeastern Wisconsin.

Three and a half years of managing through a merger, rebuilding a trusted journalistic brand and creatively expanding our brand across many platforms has been challenging, exciting and rewarding. I am proud of what we have accomplished together.

Now it is time for me to take on a new adventure. I am resigning as News Director. Today will be my last day at TODAY'S TMJ4. Best to you all in the new year.

Please keep in touch.

Janet
